Promoting and encouraging the prevention, in all its fields, as occupational safety, companies' good practices, in terms of Corporate Social Responsibility and all aspects related to well-being, people happiness in work and professional environment.

WHO DRIVES THE ORP CONGRESS?

The **ORP International Foundation** is the Organizing Institution of the congress. The foundation, independent nature and non-profit organization, is involved in continuous improvement of quality of working life and business innovation.

It promotes studies, congresses and training plans that allow to boost the different economic sectors, contributing to improve the business fabric productivity, competitiveness and quality of working life.

The foundation, from the beginning, will flag as the main goal the innovation and the integral services in orientation, dissemination of knowledge services promotion, in terms of labor, economic and social law.

INSTITUTIONAL REPRESENTATION

Spanish embassies' active participation in the countries that host the Congress.

Local and national public administrations contribute and get involved in the Congress dissemination and their technical staff takes part in the scientific program. In the celebrated editions in Spain, his Majesty King has accepted the honorary presidency of the Congress.

THE ORP CONGRESS, WHAT DOES IT BRING ME AS A PROFESSIONAL?

AN UNAVOIDABLE EVENT OF KNOWLEDGE AND INNOVATION

The **ORP Congress** will take place in Madrid from 5th to 7th June 2019, under the theme: "Healthy companies: the value of people in the digital age". It will impinge on aspects such as:

- The gigantic advances in science, scientific and technical discoveries, augur a new professions generation, that we can qualify as industry 4.0, sensor, robotics, big data, augmented reality, blockchain...
- Healthy Company is, without doubt, the strategic element for the sustained development of humanity. People return to recover the company's epicenter and become the only and privileged protagonists of this new Healthy Company that engages with people, their environment with a clear conscience with the planet.

SCIENTIFIC PROGRAM: MAIN GUIDELINES

ORP International Foundation endorses the healthy company in the digital age driving the "transparent stamp 5Z", that rises from Zero Vision philosophy, convinced that accidents, diseases, inequality, residues and disinformation, are elements that we can control in project stage.

The Zero culture, in which is based the transparent stamp 5Z, will set the **scientific program main content guidelines of the ORP Congress 2019:**

- | | |
|-------------------------|----------------------|
| • Occupational medicine | • Leadership |
| • Digitalization | • Ergonomics |
| • Work organization | • Industrial hygiene |
| • Behavioural design | • Mental Health |
| • Talent | • Road safety |
| • Work safety | • Nanotechnology |

INTERNATIONAL PROJECTION

More than 150 scholars, researchers and professionals from various disciplines from 32 countries of America, Asia and Europe. 10 universities from different countries are involved in the scientific committee, that, will develop the contents of the program. Chile, Colombia, Spain, Peru, Argentina and Mexico have been the head office of some of the Congress editions.

WHAT DOES IT BRING ME TO BE AN ORP CONGRESS PARTNER?

ADDED VALUE

- Networking
- The exchange of knowledge
- New opportunities
- Science and technology disclosure
- Commercial stimulation
- International showcase
